EDUCATION

- **CamTech University, Phnom Penh, Cambodia**
  15 January 2024 - Present: Bachelor of Software Engineering (Year 4) — Awarded 75% Academic Merit
- **Institute of Foreign Languages of RUPP, Phnom Penh, Cambodia**
  01 March 2022 – Present: A Fourth-year bachelor's degree of Department of English
- **Hun Sen Koh Thom High School, Kandal Province**
  2018-2022: High School Diploma

PROFESSIONAL EXPERIENCE

- **Digital Intern & Frontend Developer — MR Training & Job Center (MRTJC)**

July – September 2026

Project: Angkor Social Innovation Park (ASIP) Web Platform

- Collaborated on redesigning and developing responsive web applications using Next.js, React, and Tailwind CSS.
- Built modular, reusable UI components and dynamic layouts to elevate user experience across mobile and desktop.
- Implemented interactive features, smooth page animations, and multi-language support (i18n).
- Worked alongside the development team to test, debug, and optimize frontend performance

Project: Chakrawal Portfolio

- Developed an interactive, responsive portfolio web application featuring modern UI components and fluid user interactions.
- Collaboration & QA: Worked in an agile team workflow using Git/GitHub, resolving UI bugs and optimizing cross-device performance.

FEATURED SOFTWARE PROJECTS

- **SentinelPay: Multi-Tenant Financial Fraud Detection**

September 2026

- Designed an AI-assisted security platform that analyzes online payment transactions in real time to catch fraud before processing.
- Automated transaction risk analysis to instantly flag potential fraud and alert bank operations teams through a live monitoring dashboard.

- **Anuvat Education Platform (E-Learning Mobile App)**

November 2025

- Developed a comprehensive e-learning mobile application using **React Native** to transition physical classrooms into digital, cinematic learning environments.
- Integrated advanced features including **Google Classroom** synchronization,

  Kahoot-style live quizzes, and an **AI assistant** to boost student engagement.

- **ParkSmart: Smart Parking Reservation & Management System**

July 2026

- Designed and developed a mobile parking spot reservation application using Flutter and Dart.
- Implemented real-time slot availability tracking, clean architecture, and responsive user interfaces.

LEADERSHIP & VOLUNTEERING

- **Workshop At CamTech University**

23 August 2024 – 24 August -2024: Oudong and Tep Pranam high school on major counselling volunteer

- Represented CamTech University at Oudong and Tep Pranam high schools, providing academic guidance to prospective students.
- Advised students on the competitive Cambodian job market and the importance of Artificial Intelligence and Educational Technology.
- Facilitated hands-on demonstrations of AI training programs for high school participants.

14 September 2024: Rodwell Learning Center's Student Visit volunteer

- Served as the Master of Ceremonies (MC) for a student visit event, managing the schedule and participant flow.
- Educated participants on university learning programs and provided specialized counsel on technology majors

SKILLS & Tools

● Frontend & Web Development: Next.js (App Router), React, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3, GSAP, Framer Motion.

● Mobile Development: React Native (Expo), Flutter, Dart.

● Backend & Databases: Spring Boot, Supabase, Laravel, MySQL, PostgreSQL, RESTful APIs.

● Programming Languages: TypeScript, JavaScript, Python, C/C++, Java, Dart, PHP.

● Tools & UI/UX: Git, GitHub, Docker, Postman, Figma, Canva

● Professional Strengths: Agile Collaboration, Cross-Functional Communication, Public Speaking & Presentation

● Languages: Khmer (Native) and English (Professional Working Proficiency — IFL, RUPP).
